YOUR Voice
YOUR Rights
YOUR Choice

Advocacy for Bromley

How we can help

- We will talk to you to find out what you want and how you feel.
- We will listen to you.
- We will find information to help you make choices and decisions.
- We can talk to other people or groups for you.
- We can support you to speak or speak for you.
- We will defend and support your rights.

An advocate can support you or someone you know if...

You are a resident of the London Borough of Bromley, who:

- Requires support to make a complaint about care or treatment received in an NHS service or a service paid for by the NHS.

Or

- Have a mental health condition and require support to express your needs, wishes and views when decisions are being made about you, including if you under section in hospital or subject to recall to hospital.

Referrals can be made:

- Directly by you as the person requiring an advocate.
- By someone else who has your consent to make the referral.

What you need to know

- We are independent.
- This means we do not work for social services or the NHS.
- We can help you speak up to get your voice heard. However, we cannot influence people who are making decisions about you.

We will only talk to other people

- When you want us to.
- Or if you or someone you know might get hurt.
- When the law says we have to.
